ABOUT

I am a recent graduate with a degree in Computer Science and Engineering, eager to embark on a career in web development / Full Stack Development.

Currently pursuing a Backend development course like (Redux, Node.js, Express etc) from Internet and other open source mediums, I am dedicated to expanding my skills and staying abreast of the latest industry trends.

I am enthusiastic about leveraging my academic background and ongoing studies to contribute to dynamic projects in the web development or web design field.

Seeking a challenging job or internship opportunity, I am poised to bring creativity, technical proficiency, and a passion for innovation to a forward-thinking team.
